INSTALLATION INSTRUCTIONS

REMOVAL STEPS

Notes:

- For specified performance, follow TIA/EIA 568-C installation guidelines.

 Jack Modules can terminate 22-26 AWG solid or stranded IWC data cable with 0.062" (1.57mm) maximum insulated conductor outside diameter.
- Jack Modules may be re-terminated a minimum of 20 times.
- For technical and performance information, consult Panduit Technical Support.

As with all Wiring Accessories, the following statements apply:

- Never install communications wiring during a lightning storm.
- Never install communications wiring in wet locations unless the jack is specifically designed for use in wet locations.
- Never touch uninsulated communications wiring or terminals unless the communication line has been disconnected at the network interface.
- Use caution when installing or modifying communication wiring.
